are these:
Touch, Taste, Smell, Hearing, Sight.
Suppose you had to give up all but one, which would you retain? Your sight, of course.
Do not neglect this most valuable of all the senses. If you are conscious of any defect whatever in your sight—no matter how slight—do not wait another day.
It will cost you nothing to talk the matter over with us, and have your eyes examined. No effort will be made to sell you glasses unless you need them.

Dr. A. E. Falkenburg of Albany will be in attendance Saturday afternoons to treat special cases.

AT ADAMS TODAY
Give Him a Big Vote.
Tuesday will be election day and the time slips by fast. Among the many candidates for office none should have the attention that is due the local candidate for councilor, W. B. Plunkett. He has never before been in a contest of the kind; he has always declined offices and now that he is up for one of the smaller offices, let his vote be a magnificent one, one that will inspire confidence, and let him see that he was wanted. Above all, Adams, his home and birthplace should give him the largest vote ever accorded any of her candidates for office. Mr. Plunkett has always had at heart the interest of his town and its citizens, and at no time has he ever neglected to grasp an opportunity whereby the town would be benefited. Mr. Plunkett has done nothing in the way of a personal canvass, though from interviews with people from other parts of the county, it seems that Mr. Plunkett has many friends in each town and all will vie with this town in doing Mr. Plunkett honor.

Halloween Party.
The Renfrew Caledonian club have arranged for a Halloween party at their hall in Renfrew this evening. It will consist of old-fashioned Halloween games and amusements, and a pleasant time is assured. Following is the program: Remarks by the Chairman. Chief George Kerr. Song—Selected. George Grant. Selection for Violin and Piano. Duet—Messrs. Bryce. Scotch Reading—Alexander Baillie. Banjo Selection—Charles Carlow. Song—Selected. Joseph Hunter of North Adams. Duet—Misses McLaren.

Who Will Be Register?
There is considerable interest developing in the contest for register of deeds and as far as can be learned all three of the candidates are putting in their best work in canvassing. Considerable bets are also being made on the result and it is hard to say who is the favorite. The contest seems to be almost wholly between Messrs. Safford and Burdick. Both are hustling and although many say Mr. Burdick will win on account of his experience in former political contests, yet Mr. Safford's admirers say that the Republicans of the district will vote to a man for him and when the result is announced it will be a surprise to all.

Mrs. Mary Johnston.
The funeral of Mrs. Mary Johnston was held from her late home on Hastings street this afternoon at 2:30 o'clock. Rev. A. B. Penniman officiating. The deceased was born in Ireland and came with her parents to this country when nine months old. She had lived in this town for many years and was always a woman of respect and amiability. She was a kind neighbor and friend, a devoted wife and a loving mother. Her death was caused from pneumonia and her death occurred at the North Adams hospital, Tuesday. She was a member of the N. E. O. P. She leaves a husband and three children.

Out With an Axe.
Fred Brownell, who was hurt some time ago at the town farm while employed there, met with another bad accident Thursday. He was chopping in the woods at Clarence Sherman's farm in Savoy, when he was accidentally struck by the axe of a fellow chopper and sustained a severe gash in the fourth metacarpal bone of his right hand. The cut was a ragged one and required several stitches to close it. Dr. H. B. Holmes attended.

Foresters' Meeting.
The regular meeting of Court Adams, American Order of Foresters, was held Thursday evening. Four new members were initiated and two applications were received. District Deputy Donovan and Peter Harper of the North Adams court paid a visit and made a few remarks. Mr. Smith of Court Crescent of Brockton was present and made a few interesting remarks. The Court continues to grow in membership and is in a very prosperous condition.

Conference This Evening.
The conference to be held in Notre Dame church under the auspices of the St. Jean Baptiste society will take place this evening. The society will parade from their hall to the church and D. Monet will begin his address at 8 o'clock. A concert and oyster supper will follow in the old French church.

Class Enlarging.
There was a large increase of members in the dancing classes of Prof. Wales at the afternoon and evening sessions Thursday. The next meeting will be the last when beginners will be taken in and given a full course. The lessons are given in the Knights of Columbus hall.

An Oyster Supper.
The regular supper by the ladies of St. Thomas' church will be served at the old St. Charles church Saturday afternoon and evening. It will be a first class oyster supper and the public is cordially invited.

E. held Tuesday evening was largely attended. Three persons were added to the number as active members of the society. Miss Bertha Torrey was leader of the meeting and Miss Ella Stephens presided at the organ. Rehearsals are being held weekly under the direction of Mr. Merrett for the preparation of the cantata, "Santa Claus' Dream," which will be given in a few weeks. It promises to be very interesting as the cast of characters will comprise 35 persons, adults and children. WILLIAMSTOWN
Killed in Canada—To Repair the Bridge and Road—Engaged for One Year.
Killed in Canada.
Joseph Roney received a dispatch Wednesday night announcing the death of his nephew, Armand Blanchard, at Richmond, Canada. Mr. Blanchard formerly lived with his uncle here and left Williamsstown about five years ago. He was a car knocker and was killed by the cars, but the particulars of the accident have not yet been learned. He visited here three years ago and many friends and acquaintances will learn with regret of the young man's death.

To Repair Bridge and Road.
President Richmond of the Hoosac Valley Street railroad has delegated to the selectmen the work of putting the bridge and road near the depot in order. The bridge where the track crosses it will be newly plankled and the road where the track will be need a little grading. The work will be attended to at once and the expense will be borne by the street railroad company.

Engaged For One Year.
Rev. William Slade, the recent pastor of the Congregational church, has been engaged to supply the pulpit of the Congregational church at Easthampton, Conn., for one year.

A number of the doctors who attended the meeting in North Adams Thursday visited this town and looked about for a short time on their way home. The Greylock will close Saturday and Landford Vialag will soon go to Ormond-by-the-Sea, Florida, to open Hotel Coquina for the winter.

The class that was confirmed last Sunday evening by Bishop Lawrence will partake of the communion at St. John's church Sunday morning at 8:30 o'clock. An interesting debate was one of the features of a young people's meeting held a few evenings ago in St. John's parish room.

Mrs. Huntton went to New York today for the winter. Col. and Mrs. A. L. Hopkins went to their winter home in New York Thursday. Z. P. Goodell and Frank Goodell are visiting friends in New York. Stephen Bacon, whose farm in the Hooper comprises several hundred acres of mountain land, had to go out with a force of men the other day and make a stubborn fight to protect a valuable wood lot from fire.

A pleasant time awaits those who attended the social to be held by the King's Daughters in the Methodist Sunday school room this evening. E. H. Daniels, who is in New York on business, will go from that city to Boston next week to serve on the United States jury.

Mr. and Mrs. E. W. Solomon have returned from a visit of several weeks in Hinsdale and Lee. There will be another game of football on Weston field Saturday afternoon at 3 o'clock, when Williams will play the College team.

Davison and family, who spent the summer in Professor Hewitt's house, returned Thursday to their home in New York and Professor Hewitt and family, who have been stopping at the Idlewild since their return from Maine, are again settled in their own home.

Mrs. H. C. Leo is spending a few days with friends in New York. The Bachelors' club will hold a social and dance in Grand Army hall this evening. Porter's orchestra will furnish the music.

Dr. Hill and C. J. Crandall clipped five horses Thursday. W. B. Hall of Berlin, N. Y., is spending a few days in town as the guest of C. J. Crandall.

Joseph Guibo began the work of cementing the bottom of the cellar of the new high school building Thursday. Work on the building is progressing well and it is hoped to have it ready for the roof by Saturday night.

G. C. Fiske, representing the Woven Hose and Rubber company of Boston, was in town Thursday afternoon accompanied by Chief Engineer Byars of the North Adams fire department. They visited the hose room and were well pleased with the general excellence of the equipment.

The pruning of shade trees has been extended from the college grounds to other parts of the village and the improvement will be noticeable when the leaves come again. Collector Neyland was in Blackinton Thursday afternoon to receive the taxes from the citizens of that village. The discount of five per cent. will not be allowed after November 1 and those who have not yet paid their taxes will have to hustle to make the saving.

Edmund Noel took a business trip to Troy Friday afternoon. Supt. R. N. Kelley of the Williamsstown Manufacturing company's mill is attending a meeting of manufacturers in Philadelphia and will be gone a week or 10 days. POWNAAL
The Oak Hill cemetery is soon to have a gateway which will be a credit to this already beautiful spot. The gate and posts are the results of the generosity of S. D. Wright who desires to erect a fitting memorial to his wife who died while they were touring in Egypt several years ago. The gate posts will be about 14 feet high and will be constructed of Pittsburgh granite left rough, save the margins, where it will be smooth. The foundations will be six feet deep the bottom being concrete. The base will be three feet square and the capstone the same size. The intervening stones will be somewhat smaller. The capstone will be surmounted by a vase three feet high and will measure three feet across the top. Each post will weigh 30,000 pounds. C. Niles Pike of North Adams has the contract. On the left post will be the word "Oak" and on the other "Hill" while on the reverse side will be the word "Cemetery." The posts will be connected by an arched top iron gate which will present a very handsome appearance. The design for the gate and posts is very similar to the entrance to Columbia university in New York city from which the idea was taken. J. W. Wright also has in mind an improvement for the cemetery which will be announced in due season.

A FIENDISH ACT Street Cars Systematically Derailed by Stones Placed on the Tracks. SWITCH HAS BEEN OPENED A Recent Accident Resulted from the Criminal Mischief of Some Persons. Car Crashes Through a Fence. Serious Results Almost Impossible.

The Hoosac Valley street railroad company would like very much to get hold of some mischievous persons who have begun a dastardly campaign against the road. Monday evening the Beaver car was sailing down at a late hour and at a very good rate of speed. It had reached the Windsor print works when it struck an obstacle on the track and was off into the fence in an instant. The car crashed into the fence doing considerable damage and requiring the power of several horses to get it back on the rails again.

ANOTHER FLAG THERE A Permanent Banner Swung to the Breeze on the Old Fort's Site. T. W. RICHMOND'S KINDNESS Mr. Richmond and His "Boys" Hauled the Flag to Its Proud Place When It Was Dark Enough to Hide Lanterns. A Monument?

Old Fort Massachusetts, or rather its site, has a flag floating over it permanently while the one donated by Mrs. Hiram B. Sibley of Rochester, N. Y., is folded away to be used on special occasions. The thoughtfulness of T. W. Richmond is responsible for the permanent flag on the new staff. The banner that is now taking the rough and the smooth of the weather on the flats is one that has a history. Not a history of wars that are long passed or in which men lost their lives, but the history of recent battles in which ambitions were destroyed and achieved.

Mr. Richmond has taken much interest in the old fort and the efforts of the Fort Massachusetts Historical society to properly mark the spot. It is his opinion that the place should be marked with some monument as well as a flag and the interesting Perry elm. It has been suggested that a marker bearing an inscription which would be some important dates and incidents, be erected between the flag staff and the elm for the benefit of those who will visit the spot. This marker may be of wood, iron or stone.
